

Grade 3 – Lesson Plan #2

Date: June 2012

Content – Desired Results

Overall Expectations:

Students demonstrate that they have the knowledge, skills, and habits of mind required for safe participation in science and technology activities when they:

- follow established safety procedures;
- identify possible safety concerns;
- suggest and implement appropriate safety procedures;
- carefully follow the instructions and example of the teacher;
- consistently show care and concern for their safety and that of others.

Understandings:

Students will understand that/Students will know/Students will be able to...

- Gain an understanding of the importance of talking with a responsible adult around internet usage.
- Gain an understanding of being a responsible digital citizen.
- How to properly assess their safety online and know where to access resources when they feel at risk.

Product – Assessment Evidence

Performance Tasks:

- Assessment – Teacher observation rubric and marking form.
- Presentation
- Discussion participation.

Other Evidence:

- Assessment is carried out by the teacher through observation of participation and student progress/understanding and in rubric/marking form for presentation, computer and discussion component of assignment.

Process – Learning Plan

Learning Activities:

Be Kind Online

Purpose:

This lesson teaches the concept of being who you say you are when online with a focus on honesty and kindness. It provides the opportunities to reinforce and teach the following character values: respect, responsibility, integrity, honesty and good decision making.

Critical Thinking Skills:

- Demonstrate an ability to think critically about online actions and participation.

Living Skills:

- Demonstrate appropriate interpersonal skills and respectful behaviour (displaying etiquette, kindness, honesty) when on the internet.

Materials:

- Computer Lab for Students
- Classroom account at bitstripsforschools.com
- Download of Video: [Sticks With You](#) and [Internet Friends](#)

Activity Description

- Remind students of conversations and activities in Lessons 1 and 2 – Who You are Online
- Show Video “Sticks With You”
- Through a teacher led discussion, explore what went wrong and lessons that could be taken from the video.
- Show video “Internet Friends”
- Through a teacher led discussion, explore what went wrong and lessons that could be taken from the video. Include in this discussion the importance of thinking about the kind of person you are on line, and the basic guideline to “Be Kind Online”
- Instruct students in the basics of program bitstripsforschools.com
- Instruct students to create a short bitstrip including their avatar exploring ways to be yourself and be kind online
- ***Remind students about the postcards they received during the last class and encourage them to visit thedigitalcitizen.ca with their parents and enter to win an iPad.***
